Rev. 12/2016

## **Instructions**

- Applications must be submitted to the Office of the Building Inspector.
- Applicants are responsible for scheduling inspections with Town Engineer (203) 881-8145.
- Applicant must contact Seymour Police to coordinate traffic control
- The issued permit shall be a copy of this application signed by the Director of Public Works or Town Engineer
- Certificate of insurance, copy of license and certificate of bond (\$10,000) must be provided with completed application.

## **Conditions of Permit**

- 1) The Town Engineer must be notified 48 hours in advance of the start of any work authorized under this permit, (203) 881-8145.
- 2) Work authorized under this permit shall not commence until the second day following the date of issue.
- 3) This permit is valid for ninety (90) days after its date of issue.
- 4) Compaction equipment is required to be on site at all times and shall be utilized during all backfilling operations.
- 5) The permittee shall notify the Town Engineer's office when the trench will be ready to backfill, and wait for the inspector to arrive before backfilling any opening in a right-of-way. Any backfill placed in the absence of the inspector shall be removed and replaced to the satisfaction of the inspector.
- 6) The permittee is responsible for maintaining the temporary pavement until all settlement has ceased and the permanent pavement has been installed. The Town will notify the permittee of the installation of the permanent pavement.
- 7) The permittee is responsible for maintaining adequate traffic control devices throughout the excavation period.
